REMARKS

Applicant has amended claims 1-21 to correct inadvertent errors and provide proper antecedent basis. No new matter is added.

Claims 1, 8 and 13 have been amended to clarify that the pressurizable can assembly comprises "a throat formed between a portion of the body and a portion of the cap . . . ."

Claim 8 has also been amended to provide proper antecedent basis for the "thickened portion disposed in the throat and spaced apart from the seam . . . ."

Claims 2-7, 9-12 and 14-21 have been amended to clarify that each claim depends from a can assembly.

Claim 9 has also been amended to provide proper antecedent basis for the outwardly oriented flange.

Claims 14 and 15 have also been amended to clarify that they refer to the rolled seam of independent claim 13.

Claim 18 has also been amended to correct an inadvertent error and clarify that the "enclosed lower portion includes a bottom end that is seamed to a bottom portion of the body sidewall."

Accordingly, applicant respectfully requests that the forgoing amendments be entered.
